

GRANT CYCLE

There is grant money available from the Title X, Part C, state grant for homeless programs in Montana schools.

We are starting a new grant cycle, which will be available in the spring of 2009 for services in the 2009-2010 school year.

Grants are competitive and are geared to the neediest populations in the state. Information will be available in April 2009 for a required submission by May 15, 2009.

For more information call Terry Teichrow at (406) 444-2036.
